

## Winter 2012 – Adult Education at PoP

Tuesdays, 7:00-8:30 pm

On Tuesday evenings, we will turn to a fascinating portrait of Jesus as a teacher of Wisdom, or what today is often called Contemplative Spirituality. When we have talked this Fall about a Christian faith in three-dimensions – personal, socio-political, and spiritual – we will be focusing on the third dimension, spiritual, with Cynthia Bourgeault’s book as our guide: *The Wisdom Jesus: Transforming Heart and Mind — a New Perspective on Christ and His Message*. We will be putting on our “spirituality glasses” and reading the same Gospel passages but seeing Jesus in quite a new light. Join us Tuesday evenings, 7:00-8:30 pm, beginning Jan.10, and running about 8 weeks.

Sundays, 9:15-10:15 am

On Sunday mornings, the theme in worship will be on healing and wholeness. One of the most important phenomena to happen in the realm of healing has been the Twelve Step program of Alcoholics Anonymous, which has been adapted to many other areas of healing. In the church we might even consider ourselves as a Sinners Anonymous group. Richard Rohr, renowned teacher of Christian Spirituality, hails the Twelve Step program also as one of the great spirituality movements in history. We will study his new book *Breathing Under Water: Spirituality and the Twelve Steps* on Sundays (9:15-10:15) during the season of Epiphany.
